Solution Beacon, LLC to Provide Release 11i Workshops and Other Sessions at the OAUG Connection Point 2003 San Diego Conference!

OAUG Connection Point 2003

SAN DIEGO--(BUSINESS WIRE)--Sept. 11, 2003--Solution Beacon is joining as an official Training Provider at the Oracle Applications Users Group (OAUG) and is once again sponsoring the highly acclaimed Oracle Applications Release 11i Workshops at OAUG Connection Point on September 14-17, 2003 in San Diego.

The Solution Beacon team is very excited about the conference. In addition to the Release 11i Workshops, which include updates on 11.5.9, Solution Beacon chairs or participates in Geographic and Special Interest Groups and panels as well as multiple presentations and training sessions, including encores of top-rated presentations from prior conferences. John Stouffer of Solution Beacon is the lead instructor for the Workshops, while Randy Giefer of Solution Beacon leads the Performance Tuning portion. Other instructors participating in the Workshops are Alicia Hoekstra, Karen Brownfield, Keith McCormick, Ronda Ellis and Kevin Dahl, all of Solution Beacon, as well as some other expert level resources.

John Stouffer, Randy Giefer, and Karen Brownfield of Solution Beacon helped co-author a new book, *Installing, Upgrading and Maintaining Oracle Applications 11i (or "When Old Dogs Herd Cats - Release 11i Care and Feeding")*, which premieres at the OAUG Bookstore (including scheduled book signings by the authors).

The Upgrade SIG, chaired by John Stouffer, has been nominated for the first ever "Certificate of Distinction" award for a GEO/SIG. The winner will be announced at Monday morning's opening session!

Solution Beacon also sponsored this year's conference proceedings CD, so along with the other conference materials, every conference attendee will also receive a set of tri-fold Pocket Guides (Apps DBA R11.5.9, Oracle 9i, and UNIX), thanks to the considerable efforts of Kevin Dahl, Jeff Holt, Jim Basler, Susan Behn, and Nanda Kishore of Solution Beacon.

About Solution Beacon

Based in Seattle, WA, Solution Beacon is a leading provider of expert Oracle Applications resources to government, education and Fortune 1000 companies. Their expertise is comprised of well-balanced industry-wide experience covering government, higher education, manufacturing, distribution, telecommunications, health care and e-Business.

For more information on Solution Beacon and the Workshops, visit www.solutionbeacon.com.

About Oracle Applications Users Group (OAUG)

[Click here for latest information from U.S. companies](#)

The Oracle Applications Users Group (OAUG) is the world's largest knowledgebase for Oracle(R) Applications users. Representing more than 2,000 member companies worldwide and more than 25 percent of the Fortune 100, OAUG provides users of Oracle Applications with education, networking, training and support via a wide range of activities including conferences, publications, special interest groups and online communities. The OAUG serves as an advocate to Oracle Corp. on behalf of all Oracle Applications users. For more information about OAUG, visit the Web site at www.oaug.org.
