*Application Management Pack for  
Oracle E-Business Suite*

Bor-Ruey Fu, Product Strategy Server Technologies

## SysAdmin SIG

- Share knowledge and experience about a variety of topics relating to Oracle Applications System Administration
  - Oracle Applications System Administration
  - Operating System Administration for Oracle Applications Installations

Global Users. Global Solutions.

### Member Benefits include:

- **Advocacy** opportunities to influence Oracle on product enhancements, usability, new features, Oracle support, pricing and quality
- **Knowledge** that showcases the latest trends and techniques used by industry leaders through our national and regional events and our publications, such as OAUG Insight magazine
- **Communication** with other OAUG members worldwide through participation in OAUG committees, leadership positions, interaction with Oracle Corporation's user initiatives, frequent member surveys, and Oracle management briefings
- **Education** through the hundreds of career-enhancing presentations in our conference paper database archive, as well as discounts to conferences and Oracle education
- **Networking** with Oracle customers, industry experts, third-party software firms, and other Oracle Applications specialists through our Member Database and Online Vendor Directory

## Purpose & Mission Statement

- The SysAdmin Special Interest Group (SIG) provides a forum for OAUG members and participants to share updates, tips and successful practices relating to System Administration in an Oracle Applications environment.
- The SysAdmin SIG strives to enable System Administrators to become more effective and efficient in their jobs by providing them with access to people and information that can their System Administration knowledge and experience.
